Approval number: WAMS 16641

Notice of determination

Section 60 approval for Ashford Treatment Plant

I am writing to inform you that on 17 Oct 2023, I, the Director Local Water Utilities, as delegate of the Minister for Lands and Water, in accordance with section 60 (b) of the Water Management Act, has granted approval for your application, Ashford Water Treatment Plant, 45 Beaumont Road, Ashford NSW 2361.

The approval is subject to the following conditions:

- Consistency with design - a local water utility can only construct drinking water treatment works that are consistent with those approved, or that it allows for sewage to be discharged, treated or supplied in a way that is broadly consistent with the way that was approved. Some degree of variation is acceptable to ensure that the practical realities associated with design and construction, or treatment and discharge, are accounted for.
- Consistency with standards - Local water utilities must always adhere to any relevant legal, regulatory, industry or technical standards in completing the works (including environmental planning requirements where relevant).

The approval operates from 17 Oct 2023.

Scope of approval

The scope of approval includes:

- Installation of a permanent potassium permanganate dosing system
- Installation of individual turbidity meter for each filter
- Re-location of the existing turbidity meter to downstream of the clear water tank.

Reviews/ appeals

Section 9 of the Regulatory and Assurance Framework for Local Water Utilities outlines the review process for decisions made by the delegated departmental decision maker. Should your council wish to review part or whole of this decision then make contact with the contact officer below.

The department will monitor the conditions attached to your approval.

Your contact officer for this approval is Naila Tabassum, Project Officer, who can be contacted on email at naila.tabassum@dpie.nsw.gov.au.

Sincerely,

Jane Shepherd

Director Local Water Utilities

Department of Planning and Environment - Water
