| Title | Illawarra Shoalhaven Regional Biodiversity Corridors 2023 |
| Abstract | This dataset is “Regional Biodiversity Corridor Mapping” which is a sub-component of “High Environmental Value” (HEV) land, as mapped and referred to in the Illawarra Shoalhaven Regional Plan (DPIE 2021). This dataset updates previous regional corridor mapping. The purpose of the mapping is to protect, manage and enhance the functionality of identified corridors, particularly in relation to planning processes. |

Lineage

Dataset is an update of previous corridor mapping, predominantly the Illawarra Shoalhaven Regional Plan Corridors Mapping (<https://datasets.seed.nsw.gov.au/dataset/http-webmap-environment-nsw-gov-au-planninghtml5viewer-viewer-seat-corridors-clone-19c2-clone-8d74>). Corridor mapping from the Illawarra Biodiversity Strategy 2011, the South Coast Corridor Mapping Project 2013, the South Coast Conservation Plan 2009 and the Jervis Bay Regional Environment Plan Habitat Corridors were also considered during the mapping process.
