| <b>Lineage</b>                                   | 1:100 000 topographic maps were marked up by Rick McRae from aerial photographs. The Province level is a medium scale classificatoin rather than community or alliance. Further modelling was intended but never eventuated. Some trials were run and contained many faults. Additions were made up to 1994 by Di Brown (Mature Snowgums) and Rick McRae (Black scrub and Callitris abens). Edited in 1994 by Dane Wimbush and changes made around Thredbo. Needs ground truthing. |
