## Lineage

Updates are made on the occurrence of the gazettal of new wilderness areas or additions to existing wilderness areas. These are documented on a map prepared by the Reserve Establishment & Land Information Unit. The Reserve Establishment & Land Information Unit captures the boundaries from the best available maps of 1:4 000, 1:10 000, 1:25 000, 1:50 000, 1:100 000 or 1:250 000 scale. All linework is being progressively checked by the Reserve Establishment & Land Information Unit. The positional accuracy of all linework is dependent upon the scale of the source maps and is detailed in the 'linework' field.
