

Title	Offices of the Planning and Environment Cluster
Alternative title(s)	DPIE Offices
Abstract	<p>This point layer contains all offices or work locations where Planning, Environment and Heritage Group (EHG), Biodiversity Conservation Trust (BCT), Environmental Protection Authority (EPA) and former offices of DPIE are located or where there is an affiliation to a site. The layer contains many attribute fields that can be used to filter and label the data appropriately and for different uses. There is also information about addresses, office server names, approx. staff numbers, SAP HR codes etc. Some abbreviations are listed below:</p> <p><b>AGENCY</b></p> <ul style="list-style-type: none"> <li>• BCT - Biodiversity Conservation Trust</li> <li>• DPE - Department of Planning &amp; Environment</li> <li>• DRNSW - Department of Regional NSW</li> <li>• EPA - Environment Protection Authority</li> <li>• HCCDC - Hunter &amp; Central Coast Development Corporation</li> <li>• IPC - Independent Planning Commission</li> <li>• MWD - Metropolitan Water Directorate</li> <li>• OLG - Office of Local Government</li> <li>• PAC - Planning Assessment Commission</li> <li>• TfNSW - Transport for NSW</li> <li>• TNSW - Treasury NSW</li> </ul> <p><b>SUB AGENCY</b></p> <ul style="list-style-type: none"> <li>• BCS - Biodiversity, Conservation &amp; Science</li> <li>• CNSW - Create NSW (old?)</li> <li>• CCS - Climate Change &amp; Sustainability</li> <li>• CPMPT - Centennial Park and Moore Park Trust</li> <li>• CCRDC - Central Coast Regional Development Corporation</li> <li>• EBMP - Enhanced Bushfire Management Program (in NPWS)</li> <li>• EHG - Environment &amp; Heritage Group</li> <li>• EnergyCo/ENSW - Energy Corporation of NSW</li> <li>• GSP - Greater Sydney Parklands</li> <li>• HNSW - Heritage NSW</li> <li>• HHT - Historic Houses Trust</li> <li>• HPD - Homes, Property and Development NSW</li> <li>• JCRT - Jenolan Caves Reserve Trust</li> <li>• LAHC - Land and Housing Corporation</li> <li>• LHIB - Lord Howe Island Board</li> <li>• LLS - Local Land Services</li> <li>• MEG - Mining, Exploration &amp; Geoscience</li> <li>• NPWS - National Parks &amp; Wildlife Service</li> <li>• PLAN - Planning</li> <li>• PPT - Parramatta Park Trust</li> <li>• PI - Primary Industries</li> <li>• RBGDT - Royal Botanic Gardens &amp; Domain Trust</li> <li>• WNSW - Water NSW</li> <li>• WSPT - Western Sydney Parklands Trust</li> <li>• PORTPART - Portfolio Partners (superseded but still in data)</li> </ul>

<b>Purpose</b>	The layer provides physical office and staff locations for maps. Analysis such as proximity to towns and drive times to parks for NPWS rangers and field officers can be undertaken using this layer. The attribute table contains other information such as addresses, building and server names as well as rough staff numbers etc.

## Lineage

NPWS offices have been captured since the early 2000s. As new offices have been established, new parts of the agency added and as offices are closed this dataset has been edited accordingly over the years. Now that the Cluster is so large and there are sites with multiple divisions it has been necessary to add individual fields for those divisions for filtering. Various fields have been added when useful information is located eg. server names, bandwidth, rough staff numbers (if known). The point locations are mostly screen digitised over imagery or a topographic background. Spreadsheet data is joined in to enhance the attribute table.

## Limitations on public access

Scope            dataset

## DQ Completeness Commission

Effective date    2017-07-06

Explanation      NA

## DQ Completeness Omission

Effective date    2017-07-06

Explanation      NA

## DQ Conceptual Consistency

Effective date    2017-07-06

Explanation      NA

## DQ Topological Consistency

Effective date    2017-07-06

Explanation      NA

## DQ Absolute External Positional Accuracy

Effective date    2017-07-06

Explanation      Some office locations may be slightly out in terms of spatial coordinates but generally very reliable.

## DQ Non Quantitative Attribute Correctness

Effective date    2017-07-06

Explanation      Some data in attribute table becomes out of date easily eg. staff numbers. In restructures many labels are incorrect until the name has become official. Some names are commonly known names rather than the official names but all measures have been taken to correct these and store in appropriate field for different usage.
