

Title	Rocky Glen National Park Vegetation Map. VIS_ID 4477
Alternative title(s)	Aims included mapping of vegetation assemblages based on those known from nearby reserves with alignment to using ADS40 Imagery
Abstract	Aims included mapping of vegetation assemblages based on those known from nearby reserves with alignment to using ADS40 Imagery. Notes taken on traverses (June 2016) and structural characteristics seen on aerial images (ADS40 6/9/2011), along with projected topographical information, were used to assist in delineation of vegetation communities for mapping. Mapping layers were created within ArcGIS 10.1. VIS_ID 4477
