Title State Forest

Abstract

Dedicated Legal State Forest Boundary (6mb full extent shapefile download) as defined by Cadastre. Some boundaries may not match current cadastre as maintained by the Department of Finance, Spatial Services. From 2013-2016 FCNSW undertook the project to remap and verify dedicated state forest areas with the current cadastre at time. Shifts in cadastre since the "Estates" project may not be replicated in the Legal State Forest Boundary.

PDF Data
Quality
Statement State Forest

Name: PDF Data Quality Statement - State Forest

Protocol: WWW:DOWNLOAD-1.0-http--download

Description:

The Data Quality Statement is for users to understand how a particular dataset could be used and whether it can be compared with other, similar datasets. It provides a description of the characteristics of the data to help the user decide whether the data will be fit for their specific purpose (ICT Strategy, NSW Government accessed 23rd May

2016).

Name: External Download Page - State Forest

Protocol: WWW:DOWNLOAD-1.0-http--download

Description:

The following link will redirect the user to an external link outside of SEED to access further resources on the dataset.

Function: download

ArcGIS REST SERVICE -State Forest Name: ArcGIS REST SERVICE - State Forest

Protocol: WWW:DOWNLOAD-1.0-http--download

Description:

An ArcGIS Server web service represents a GIS resource—such as a map, locator, or image—that is located on an ArcGIS Server site and is made available to client applications. Depending on the layers enabled, this web service allow a user to query its features and/or visualise the dataset. This service is aimed at advanced geographical information users, and will require access to geographical information

system (GIS) software such as ArcGIS/ArcMap.

Function: download
