

Title	Wyong LGA Vegetation Map, 2008. VIS_ID 3807
Alternative title(s)	WyongLGA_2008_E_3807
Abstract	<p>Vegetation mapping for Wyong Local Government Area undertaken by Stephen Bell and Colin Driscoll in 2008. A revision of existing mapping for Wyong LGA completed in 1999 and 2002. Extensive and detailed data collection and API has been undertaken in Olney, Ourimbah and Wyong State Forests and used to produce a new vegetation map broadly based on the NPWS (2000) classification scheme. In addition, previous mapping projects, including those for Jilliby State Conservation Area, have been incorporated with new API of unmapped areas to produce a single seamless vegetation layer for western Wyong, covering 50 native vegetation map units. VIS_ID 3807</p> <p>Map footprint supplied only. Contact Central Coast Council for access to the vegetation map.</p>
